## **Erupting Spike**

Beginner-level Transfiguration (Conjuration)

**Spell Type:** Instant Incantation: voco dens Close

**Negation:** Blockable and Dodgeable

Conjure an enormous spike to transfigure itself from the surrounding walls or floor, impaling the target. A spike which lands true does 2d6 piercing damage.

Spikes can only reach up to 2m in length, and so cannot effect enemies which are more than

2m from a solid surface.

An extra spike is generated for every additional spell level used to cast this spell.
